Subject: Commercial Cannabis Space (2176-2183 E Colorado Blvd)

CAUTION: This email was delivered from the Internet. Do not click links or open attachments unless you know the content is safe.

Good Afternoon,

I have a commercial space that will be hitting the market soon located at 2176-2184 E Colorado Blvd. in Pasadena and I would like to know if it is located in a green zone.

Does this space allow for any cannabis related business? Will there be another application window to apply for a commercial cannabis permit?

Thank you,

Victoria Ascarrunz
