Re: Public Records Act Request #11448

Dear Mr. Truitt:

As you are aware, the City of Pasadena ("City") has retained our firm to respond to some Public Records Act requests. On August 1 2019, I sent you a letter with a projected timeframe of when the City would be producing documents to you responsive to this public records act request. Since that time, you have requested that the City prioritize the production of certain documents to you. Specifically you have requested that the City prioritize producing communications between the City and HdL category 3 of PRA 11586). In my September 6, 2019 letter to you pertaining to PRA 11586, I stated that we anticipated that we would begin producing these documents to you on or about September 13, 2019. That is still the City's expectation. Accordingly, the City will not at this time be producing documents responsive to category 4 (Guille Nunez emails) as you have requested that the HdL documents take priority. Once the City has completed producing all responsive non-exempt HdL documents to you in response to PRA 11586, the City will turn its attention to reviewing documents responsive to category 8 (Richard McDonald emails) and category 4 (Guille Nunez emails) of PRA 11448 and will begin producing documents to you in response to this request.

Thank you.

Very truly yours,
