Subject: Fwd: public records act request

City Attorney Bagneris:

I submitted the public records act request reproduced below on July 9, 2019.

A response was legally required yesterday and city staff failed to respond by the statutory deadline.

This is now the 2nd time I have informed you of yet another refusal by the planning department to produce public records within the statutory deadline.

Very truly yours,

Martin Truitt

Mr. Reyes and Ms. Nunez:

As the custodians of this document, please provide me with a copy of the Sweetflower CUP application filed on July 3, 2019.

This is unquestionably a public record and there are no unusual circumstances relating to this request. Therefore, no determination period is required.

Hopefully you have been advised by city legal staff (who I am copying on this email) that this email request constitutes a lawful public records act request and that you are required to “promptly” produce these records.

Thank you,

Martin Truitt
