Good morning Mr. Moss,

Please refer to the Conditional Use Permit: Cannabis Retailer Rules & Regulations which are posted on the City's Commercial Cannabis webpage:

Hi Guille

Medmen and I would like a clarification please:

After a Cannabis CUP application is submitted, does it create any rights for the applicant to the particular council district (CD) if it is deemed partially (substantially) or fully complete? Or, is the right to the CD only "created" when a CUP is approved by the Planning Commission and all appeals have lapsed?

My thanks
David
