David Reyes:

On Monday (morning if possible) I would like to inspect the full CUP applications for Harvest and Sweetflower and the scoring application for Verano.

If this cannot be produced in short order I would like to see the following minimum pages:

- 1) Conditional Use Permit Application for Harvest - "Radius Map Certification" & "Taxpayer Protection Disclosure Form"
- 2) Conditional Use Permit Application for Sweet Flower - "Radius Map Certification"
- 3) Screening Application for Verano - "Applicant/Owner Information Form" and "Section 1: Experience of Owners/Operators"
- 4) Screening Application for Harvest - Any page in the document, if there, that states "Government-Identification Redacted". If no Government-Issued identification was submitted with the scoring application then how could it have been considered complete for scoring purposes?

I am available now or at any time (with 5 minutes notice) to inspect these public records.
