

NOTICE OF PUBLIC HEARING
TO CONSIDER PROPOSED SEWER USE FEE RATE ADJUSTMENTS AND NEW RATE STRUCTURE
5:30 P.M. April 8, 2024
Pasadena City Council Chamber
100 N. Garfield Avenue, Room S249, Pasadena, CA 91101

Valued Property Owner / Customer:

The Pasadena City Council will hold a public hearing on **April 8, 2024, at 5:30 PM**, in the City Council Chamber at 100 N. Garfield Avenue, Room S249, Pasadena, CA 91101, to receive public comment regarding the adoption of Sewer Use Fee rate adjustments and New Rate Structure as described below to become effective July 1, 2024.

You are receiving this notice in accordance with Article XIII D, Section 6 of the California Constitution (“Proposition 218”) because you are a customer or property owner of record of one or more sewer connections located within the City’s service area. Proposition 218 law requires City water/wastewater service providers to notify customers so that they can participate in a public hearing regarding adjustments to water/sewer rates and charges. If more than 50% of the City’s customers oppose the proposed rate adjustment(s), the City may not increase rates at this time. The Sewer Use Fee is charged to users of the sewer system to pay for the cost of operating the system, ongoing maintenance, and needed capital improvements. The current fee is based on consumers’ water use. Over the last ten years, with long-term statewide drought conditions and water conservation efforts, the amount collected has not kept up with the cost of maintaining Pasadena’s aging sewer infrastructure. The proposed fee increase will maintain sewer services and the financial stability of the Sewer Conveyance System. The new rate structure has a fixed rate for both residential and commercial customers plus a volumetric rate based on water consumption.

The following table shows the current rate and proposes monthly rates for the next five fiscal years. The bottom of the table shows the average single family residence bill over the next five fiscal years.

	Current	FYE 2025	FYE 2026	FYE 2027	FYE 2028	FYE 2029
