Fee: \$197.00 - General requirements for wheeled or trailered storage container placement

The storage container shall:

- 1. Not exceed 2 days (1 night) maximum duration.**
 1. Require a pre-inspection to determine viability of permit issuance.
 2. **Not** be allowed on streets narrower than 30 feet wide (curb to curb).
 3. **Not** encroach onto an adjacent travel lane.
 4. **Not** create a traffic hazard, community inconvenience or nuisance. A minimum 20 foot clear zone is required for fire access at all times.
 5. Be reflectorized at both ends which may be achieved by the use of type 2 barricades with flashers at both ends. Additional traffic control may be required based on actual conditions.
 6. Have a flag person present when the container is occupied while on public right of way.
 7. **Not** interfere with storm water flows in the gutter.
 8. Be placed so as to minimize the sight visibility issues at intersections and adjacent driveways.
 9. **Not** be placed on parkways or near the drip line of trees.
 10. **The director of Transportation or designee may place additional conditions as required to ensure the safety, health and welfare of the public.**

I declare under penalty or perjury, that I have read and understand and agree to comply with the requirements noted above and the rules and regulations of Wheeled or Trailered storage containers, paid associated fees, agree to pay for any damage to public trees, streets, curbs, meters, sidewalks or other public property, and agree to absolve the City of Pasadena of any claims or any liabilities in connection with the placement/parking of the trailer or wheeled storage container in the public right of way.
