Here are properties you can use for complex searches, directly in the "Search" box field:

- t:( ) with Title keyword/s inside parentheses,
- a:( ) with Author keyword/s inside parentheses
- s:( ) – with Subject keyword/s in parentheses,
- y:[YYYY-YYYY] with a single year or range of years in square brackets for publication year.
- Use "AND" "OR" "NOT" in all caps to link or group different parts of a description.
- Use quotation marks inside parentheses surrounding search terms as phrases
- Use the asterisk (\*) as a wildcard.
