Subject: Request for Scoring Breakdown and Copies of Cannabis Applications

CAUTION: This email was delivered from the Internet. Do not click links or open attachments unless you know the content is safe.

Dear Guille Nunez and City of Pasadena,

My law office represents two applicants for commercial cannabis retail licenses in the City of Pasadena — Regal Green Remedies, Inc. and Kyle Ryan.

We received the total application scores for our two clients and the other retail applicants on June 5, 2019. We are hereby requesting that you provide our law office with the following documents and information so that we can better understand the scoring and evaluate our clients' options for moving forward with their businesses: (1) the scoring breakdown for our clients' and the top six scorers' applications showing how many points were awarded and deducted in each category of the scoring system for each application; (2) any notes, correspondence or other documents created or maintained by the Selection Committee describing or reflecting the reasons for the scores awarded to our clients and the top six scorers; (3) complete copies of the applications submitted by the top six scorers and evaluated by the Selection Committee.

I understand that these requested items are subject to disclosure as public records under the California Public Records Act. We are also requesting the records for purposes of evaluating and litigating any potential appeal of Pasadena's denial of our clients' applications.

I would appreciate if you can inform me if there is any specific procedure we should follow in order to obtain the requested documents, other than requesting them from you via this email. I am also submitting this same written request today to the City Attorney via the contact form on the City Attorney's web site.

Thank you for your assistance, and please contact us if you have any questions.

J. Raza Lawrence
