Which portion of my July 8 request (which you have misdated as July 9) is this reply designed to satisfy?

In order to save the city work by going back and forth using repeated public records act requests in a process of elimination to determine which particular documents are being withheld pursuant to Government Code Section 6254(a) and Code Section 6254(k), can you please let me know which specific categories of documents are being withheld?

Mr. Truitt,

Due to the volume of information requested in PRA 11448, we will be providing the requested information in batches and will be processing an extension to complete the request. The information that is being provided in this batch can be accessed via the link below. Please note the files are saved in .pst format. Refer also to the attached response form.
