Mr. Truitt,

The distribution list that you subscribed for has not received email notifications since the top-scoring applicants were announced earlier this month. Separately, there is direct email communications between the City to the 6 top-scoring applicants about the CUP process. Those 6 top applicants were asked to provide the City with 2 representatives each and those are the only individuals that are included in the communications.

Respectfully,

Ms. Nunez:

I signed up to get cannabis updates from the city but I am not getting the application updates being sent out to applicants.

Can you please add me to the distribution list?

Thank you

Martin Truitt
